AYESHA AMIR

SOFTWARE ENGINEERING STUDENT | WEB DEVELOPMENT

Karachi, Pakistan | +92 331 2099917 | ayesha.amir.software@gmail.com
Portfolio: ayesha-portfolio-3d.vercel.app | GitHub: ayeshaamirsoftware-eng

PROFILE

Software Engineering undergraduate with a 3.72/4.00 CGPA and project experience building web interfaces, Python APIs, and database-backed applications. Projects span source-linked study tools, personal productivity, and interactive 3D commerce. Seeking a part-time remote development opportunity.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, HTML, CSS
Frameworks: React, FastAPI, Flask, Node.js
Databases & tools: PostgreSQL, MySQL, SQLite, Git, GitHub, Docker
Development: REST APIs, responsive interfaces, CRUD workflows, application testing

INTERNSHIPS & PROJECT TRAINING

NexBuild | Web Development Intern

Remote | October 2026 - Present

- Required training pathway: complete 16 module tests before progressing to assigned web development projects.

Datheon | Full Stack Web Development - Project-Based Internship

Remote training program | October 2026 intake

- Assigned curriculum: build and deploy 2-3 responsive web projects using HTML, CSS, and JavaScript.
- Program requirements include clean source organization, README documentation, and public GitHub repositories for technical review.

SELECTED PROJECTS

StudyCore | FastAPI, React, TypeScript, PostgreSQL, Docker

Live demo | Source code

- Built a study platform with document search, source-linked answers, flashcards, quizzes, and learning-progress tracking.
- Added text-file uploads and checked layouts across mobile and desktop screens.

LifeOS | Python, Flask, HTML, CSS, MySQL

Live demo | Source code

- Developed journaling, goal tracking, decision-analysis tools, and user-account workflows in a database-backed web application.

Dialex | JavaScript, Three.js, HTML, CSS

Live demo | Source code

- Created an interactive 3D phone experience with rotation, finish selection, and configuration-based pricing, including shipping and coupon calculations.

Student Management System | Python, HTML, CSS, MySQL

- Implemented student-record CRUD operations, attendance tracking, and fee-management workflows.

EDUCATION

BS Software Engineering | Sir Syed University of Engineering and Technology
2025 - 2029 (expected) | CGPA: 3.72/4.00

TRAINING & RECOGNITION

Pak College: Software Development, 6 months (2026); Certificate of Excellence (2026). Artificial Intelligence, 3 months (in progress, 2026).
Design training: Arena Multimedia, 2 months (2025); Farooq-e-Azam Institute, 6-month diploma (2024).

ADDITIONAL INFORMATION

Urdu: fluent | English: conversational | Availability: part-time remote, 3-4 hours daily
